

CARMECI

Equipment Channel Break Down:

Carmeci will be running his own RM32 Personus mixer and in-ears. His complete set up is already pre-mic'd and will only be needing to feed you 12 grouped channels. If you can not accommodate that, we can send you 8 grouped channels. If you can't accommodate that we can send you 2 Left & Right stereo channels and you will only be able to give over-all volume. We can give you access to our wifi mixer signal if needed to better mix it live. Carmeci will be performing along with his Back up vocalist/Drummer. This will be a live 2 piece.
